

COMPANY CAPABILITIES

OUR COMPANY

Dsign Digital was founded in 2005 by partners David Kinney and Vinni Quast. We are a full-service television & video production company that also provides digital signage systems and content for clients.

Named one of the fastest growing Connecticut companies by the Hartford Business Journal in 2007, Dsign Digital works on a variety of projects ranging from; TV commercials, TV shows, corporate and non-profit videos as well as providing digital signage systems and digital signage content design and production.

We have won numerous awards for our work and continue to strive to leverage the latest technology and expertise to achieve the best results for our clients. We have had the privilege to work with high-level clients such as; Mohegan Sun, Pepsico, NECN, University of Connecticut, Hartford HealthCare, Henkel Corporation, Lincoln Financial Advisors, Uniprise, CPTV, United Way, Timex, Travelers Insurance, Wadsworth Atheneum, TYCO and many others.

OUR FACILITY

Our Glastonbury, CT facility is furnished with a green screen studio, voiceover booth, non-linear HD video editing suites, a full audio production suite, meeting space and business offices. We own all our production gear including; HD cameras, lenses, lighting and field video and audio production gear. We also have an extensive network of design and production professionals, which allows us to be flexible and scaleable to meet different production needs and budgets.

CAPABILITIES

Full video production services - scripting, producing, full field production services and post-production video editing services. 2D & 3D motion graphics and special FX, audio production and web integration.
